OBJECTIVE & SCOPE OF THE FACULTY DEVELOPMENT PROGRAM

Teaching as a profession has undergone tremendous change today. With easy access to Internet and online resources and the introduction of technology in the classroom are not enough to get trains of latest advancement of research and development. The role of the teacher has become challenging with technology transfer. The traditional methods of teaching are considered less ideal in the present age. There is stress on optimizing the process of teaching and learning through the use of all sorts of technological aids like training and faculty development program. These faculty development programs will not only make the teaching-learning process enjoyable, but also enhanced the quality of teaching the latest technological development within the subject domain.

The present faculty development program aims at explaining and examining the teaching and learning tools for various engineering department. It also introduces some of the latest technological tools that can lend to understand the cutting edge process on engineering education with the subject domains

ABOUT BINESWAR BRAHMA ENGINEERING COLLEGE

Bineswar Brahma Engineering College (BBEC), Kokrajhar, BTAD, Assam is the one of the 4th Government aided Engineering Colleges of Assam offering 4 years undergraduate courses of

engineering. The College is located at Kokrajhar district in Assam (roughly lies between 89⁰ to 90⁰ E longitude and between 26 to 26⁰ N latitude). The foundation stone of the college was laid by Hon'ble Chief Minister Tarun Gogoi on 16th of August 2008 at Chandrapara, a village around 7km away from Kokrajhar town. However, the college started functioning from the academic year 2010-2011. The college is recognized by AICTE, New Delhi and affiliated by Gauhati University, Guwahati. The college was named after Bineswar Brahma, an eminent socialite and literate of Bodo community Mr. Bineswar Brahma. BBEC is the youngest engineering institution in region and the first one in the lower part of Assam. BBEC possesses a unique environment congenial for research and development activities and the faculty has expertise in almost all the major fields of engineering and sciences. The Institute has 4 academic departments with 3 auxiliary departments. Center for extra-curricular activities and centralized facilities like computer center and central library aided the department for smooth functionalities.

ABOUT KOKRAJHAR

Kokrajhar is a part of the BTAD in the State of Assam and is located at the foothills of Bhutan. Kokrajhar Railway Station is on the main line of Northern Eastern Frontier Railways having direct links to Delhi, Mumbai, Kolkata and southern part of India. The place is also within easy reach by road from Guwahati through NH-36. Kokrajhar is ideally located near several tourist places, like Manas National park & Tiger project (45 km), Jogighopa & Pancharatna (6 km), Rock cut Caves (53 km) and Sri Surjya Pahar (105 km).
