

Instructions regarding compliance of AICTE'S Mandatory Internship Policy in current situation

Dear Sir / Madam,

Greetings from All India Council for Technical Education!

In view of the current situation of Nationwide lockdown due to COVID-19, AICTE directs all its Approved Institutes to abide by all the Social Distancing guidelines and other measure promulgated by Government of India and respective State Governments.

Institutes should instruct their students, NOT to take up any Internships outside the organizations which involves travel, contact with outsiders, etc., However, ongoing internships, where companies are allowing students to work from home, shall continue.

Internships helps in creating conditions conducive to the quest for knowledge and its applicability in work. In order to positively engage students who are not able to get internships in current situation of lockdown, all colleges/ institutes should give challenging problems as internship to such students which can be worked upon by them from their respective homes.

Once the situation improves, AICTE will issue further orders regarding compliance of Mandatory internships policy of AICTE.
Let us Stay Safe and continue learning...
